

# Simple Plan, The Heroes

1 2 3 4

You're last and we come first  
We're not scared of anyone  
Masters of the universe  
And we're here to have fun

Be advised and be afraid  
We're here on a crusade  
So, just go crying to your mama  
We're stronger than your papa

Can't you see that we're (awesome!)?  
Infinitely (awesome!)  
About now you should already know that  
We're the heroes  
We're the heroes  
We're the heroes

We'll take over the loon  
Have a cake and eat it too  
We'll be victorious  
Cause we're strong and glorious

Can't you see that we're (awesome!)?  
Infinitely (awesome!)  
About now you should already know that  
We're the heroes  
We're the heroes  
We're the heroes

Be advised and be afraid  
We're here on a crusade  
So, just go crying to your mama  
We're stronger than your papa

Can't you see that we're (awesome!)?  
Infinitely (awesome!)  
About now you should already know that  
We're the heroes  
We're the heroes  
We're the heroes  
We're the heroes
