

# Simplified, 20 Years (From Today)

You've only been gone for a little while,  
Still I miss your laugh,  
I miss your smile,  
But I don't mind waiting,  
Don't mind waiting for you,  
And the things you do,  
No I don't mind waiting,  
Don't mind waiting for you,

You came along and lifted me up,  
Now it feels like I am flying,  
Can't get enough,  
Cause I can't stop thinking,  
Can't stop thinking about you,  
And the things you do,  
No I can't stop thinking,  
Can't stop thinking about you,

Never go away cause I need you,  
Need you here to stay,  
Twenty years from today I'll be with you,  
There's nothing more to say,

A little crazy in my loneliness,  
All those so called loves,  
Never felt like this,  
Cause I can't help falling,  
Can't help falling for you,  
And the things you do,  
No I can't help falling,  
Can't help falling for you
