

Simplified, In A Moment

Don't know why I can't shake this
Shake this empty feeling.
Go ahead and throw away
Everything with meaning.

Don't know how I got this way
Got to look away so ashamed.

And he's looking down
There's so much talk around
Got to be some way he could be someone

And he don't know how it got this way
Something's got to change or he's going to break

In a moment life can let you down
In a moment life can turn around
Turn around

Her head against the wall
She's got no one left to call
There's a bottle on the table
She tries but she's unable

Don't know how it got this way
Got to look away so ashamed
And she don't know how it got this way
She's just holding on

In a moment life can let you down
In a moment life can turn around
In a moment life can let you down
In a moment life can turn around
Turn around

She don't know where to go
She's heading down
Yeah
It takes a life to love this life
And turn it around

In a moment life can let you down
In a moment life can turn around
In a moment life can let you down
In a moment life can turn around
Turn around Turn around
