

# Simplified, Uninspired

I'm so tired,  
Of feeling this way,  
I'm uninspired,  
In my day to day,

I know I've got the answer,  
I know that I should see,  
My hearts on fire,  
Inside of me,  
It's been so long,  
It's been so long,  
Hey for me,  
Hey for me,

Alone and wired,  
And it didn't seem fair,  
These wheels keep turning,  
But I am going nowhere,  
I should stop and think awhile,  
But that don't seem to be my style,  
Filled with desire,  
For what I've never seen,  
It's been so long,  
It's been so long,  
Hey for me,

I'm so tired,  
Of feeling this way,  
A fool for hire,  
Most everyday,  
Inside I've got this yearning,  
And I'm going to meet you there,  
I'm going to carry it,  
Carry it on,  
On my way,  
It's been so long,  
It's been so long,  
It's been so long,  
Hey for me,

I'm so tired of feeling this way,  
I'm uninspired,  
In my day to day,
