

Simply Red, Forever

As I look into your eyes I see the sunrise
The light behind your face helps me realise
Will we sleep and sometimes love until the moon shines
Maybe the next time Ill be yours and maybe youll be mine
I dont know if its even in your mind at all
It could be me
At this moment in time
Is it in your mind at all
It should be me, it could be me Forever
Wandering through life will love come home to you
And the love you want forever, will they be true to you
Will we sleep and sometimes love until the moon shines
Maybe the next time Ill be yours and maybe youll be mine
I dont know if its even in your mind at all
It could be me
At this moment in time
Loves indescribable
It should be me, it could be me
Forever
Easy, ready, willing, over time
Where does it stop where do you dare me to draw the line
Youve got the body now you want my soul
Dont even think about it say no go
Sunrise
I dont know if its even in your mind at all
It could be me
At this moment in time
Is it in your mind at all
It should be me, it could be me
Forever
Sunrise
At this moment in time
Is it in your mind at all
It should be me, it could be me
Forever
