

# Simply Red, Forever

As I look into your eyes I see the sunrise  
The light behind your face helps me realise  
Will we sleep and sometimes love until the moon shines  
Maybe the next time Ill be yours and maybe youll be mine  
I dont know if its even in your mind at all  
It could be me  
At this moment in time  
Is it in your mind at all  
It should be me, it could be me Forever  
Wandering through life will love come home to you  
And the love you want forever, will they be true to you  
Will we sleep and sometimes love until the moon shines  
Maybe the next time Ill be yours and maybe youll be mine  
I dont know if its even in your mind at all  
It could be me  
At this moment in time  
Loves indescribable  
It should be me, it could be me  
Forever  
Easy, ready, willing, over time  
Where does it stop where do you dare me to draw the line  
Youve got the body now you want my soul  
Dont even think about it say no go  
Sunrise  
I dont know if its even in your mind at all  
It could be me  
At this moment in time  
Is it in your mind at all  
It should be me, it could be me  
Forever  
Sunrise  
At this moment in time  
Is it in your mind at all  
It should be me, it could be me  
Forever
