

Simply Waiting, Boys Fall Down

Get yourself straight
Wont you get yourself straight
I am not the one who set imagination running and
Get yourself together
Wont you get yourself together
I am not the one who said the burden would be better
If you get yourself straight again
Get yourself straight again
This is about the boy who fell down when
Taking his chances making advances
This is about the girl who held out for
Saving last dances hopeless romances
Ask yourself the questions
Think of all the consequences
And you know you know how to open up the door
If you get all of your answers
Think of all the second chances
And you know you know how to open up the door
If you get yourself straight again
Get yourself straight again
This is about the boy who fell down when

Saving last dances hopeless romances
