

# Sinead O' Connor, Hold Back The Night

I want to walk  
Into the light  
Day has turned cold  
Hold back the night  
What will become  
Of you and I  
We had a dream  
Don't let it die  
Just hold back the night

Do you wanna be, wanna be  
My dying day  
My darkest hour  
My overdose  
Cuz that's what you'll be  
Just hold back the night

There was a time  
I know you'll agree  
We saw it all  
A glorious sight  
Everyone's burned  
Everything's gone  
What we were then  
Now we are not  
So hold back the night

Do you wanna be, wanna be  
My dying day  
My darkest hour  
My overdose  
Cuz that's what you'll be  
Just hold back the night

Cuz that's what you'll be  
Just hold back the night
