

# Sinergy, Swarmed

Swarmed

Music: R. Miliankowicz & K. Goss & J. Strömblad & A. Laiho

Lyrics: Kimberly Goss

Daylight fading  
dusk awaiting  
swallowing my lucidness

Hell on earth  
dreams turned to nightmares  
petrified of existence

I see the shadows  
even though there  
is nobody else around

Take these memories  
from me and place them  
never to be found

I've been left here in ruins  
no one listening to my plea  
Can't escape the intrusion  
swarmed with anguish and frailty

Can't I break free?  
Drowning into hopelessness  
Let me believe  
in stability's caress  
Torment I breathe  
suffocating willfully  
Cascading deep  
this mirage I need

solo (A. Laiho)

When the lights turn out  
hallucination is my only friend  
Heading down into a slumber  
hoping I will meet my end

I've been left here in ruins  
no one listening to my plea  
Can't escape the intrusion  
swarmed with anguish and frailty

Can't I break free?  
Drowning into hopelessness  
Let me believe  
in stability's caress

Torment I breathe  
suffocating willfully  
Cascading deep  
this mirage I need
