

Single Gun Theory, Surrender

Together. As if in silent prayer.
And whenever I looked out, you were there.
Love flowed from our hearts.
How could we ever,
Stand to be apart?

Don't throw your faith in others away,
Because we have ended this way.
Don't ever think I don't care about you,
What you've always know is true.

It always seems sad, things have to change.
Like our feelings, let's not look for blame.
Don't throw your faith in others away,
Because we have ended this way.
Don't ever think I don't care about you,
What you've always known is true.

After all is said and done, I am the sorry one.
Why must we hurt the people we love?
It's like my destiny falls on me from above.

I love you but I can't hang on anymore.
I love you but I can't stay anymore.
