

# Sinisstar, Haunted

Under your bed  
Deep in your head  
No longer dead but are you awake  
Not just a fad  
Makes you do bad  
Fucked in the head but are you afraid  
Youe in the dark  
Leaving your mark  
Larger than large but are you a fake  
Trying to be  
a memory  
Haunted by me  
Now are you afraid?  
Are you afraid? (repeat)  
because  
I can see  
Right through you  
Sick mystery  
This part of me  
What can it be  
Don take it away  
It helps you see  
Reality  
Your incomplete  
Now are you afraid?  
Are you afraid? (repeat)  
because  
I can see  
Right through you  
I can see  
Right through you  
(repeat)
