

# Sinister, Unseen Darknees

From the breath of lucifer I'm born  
Hell's creation, death in the purest form  
Lord of demise, clandestine demigod  
Scornful saint, the curse of humanity  
UNSEEN DARKNEES

I ride the blackened night of blasphemy  
To devour souls perpetually  
I burned witches at the stake alive  
And pulled the switch of the guillotine

I made the world burn in black  
As lava made them scald 'till death  
I was the voice of the son of sam  
And the knife in the rippers hand

I'm blitzkrieg, I'm war  
Consume lifes for ever more

From the breath of lucifer I'm born  
Hell's creation, death in the purest form  
Lord of demise, clandestine demigod  
Scornful saint, the curse of humanity

I' the pain and suffering of mankind  
I'm death itself the horror of life  
UNSEEN DARKNEES

I ride the blackened night of blasphemy  
To devour souls perpetually

I burned witches at the stake alive  
And pulled the switch of the guillotine

I made the world burn in black  
As lava made them scald 'till death  
I was the voice of the son of sam  
And the knife in the rippers hand  
I'm blitzkrieg, I'm war  
Consume lifes for ever more  
UNSEEN DARKNEES

I'm sword in KINGU, the slaying death  
I'm homicidal destructive rage  
I'm the pain and suffering of mankind  
I'm death itself the horror of life  
UNSEEN DARKNEES

Deadly fatal disease starvation of the weak  
Cathastrophes, eternal world of doom  
Painful deadly screams hail me into bliss  
Incineration, combustion of life  
Rejoiced in me

Violated, mutilated, cauterized  
Raped, choked, murdered, sodomized  
Outrage, stabbed, decapitated

I'm riding on the air and roaring in fire  
I'm possessing fate, thou world I devour  
Stir in the eyes of death  
Rigor mortis, I PUT TO DEATH

Painful deadly screams hail me into bliss

Incineration, combustion of life  
Rejoiced in me
