

Sinn, The One That No One Sees

Take a gun
Shoot you down
Take a gun
Kill yourself

So you wanna die
Make this day the final one
Leave a world of reality
For a place of eternity

Take a gun
Shoot you down
Take a gun
Kill yourself

No one cares
About your destruction
No one cares
About your suffocation

Take a gun
Shoot you down
Take a gun
Kill yourself

You the one that no one cares about
Your life is an agony
See the death in your cursed eyes
Feel the flame burning your mind

Take a gun

Shoot you down
Take a gun
Kill yourself

No matter your silence
Suicide don' t need no reasons
Say goodbye to your enemies
It' s the last time you will

Take a gun
Shoot you down
Take a gun
Kill yourself

Die, you the one that no one sees
Your life is an agony (x4)

So you wanna die
Make this day the final one

Die, you the one that no one sees
Your life is an agony (x2)

Die, Die, Die
You the one that no one sees
Die, Die, Die
Die, Die, Die
You the one that no one sees
Die, Die, Die
