

# Sinner, Destiny

I saw a star in the sky  
nothing of the property means  
(it was this) moment in life  
(when tears) are turning you'll bleed

there was none escapes  
more none before or back  
the sky became darkly  
was it the arrival  
of a my deepest vision?  
or was it the end for me?

Breaking the silence  
there's no turning back  
where's my destiny?

I saw a dream I knew  
another curse forgotten came true  
cast into outer darkness  
that face came out of the blue

there was none escapes  
more none before or back  
the sky became darkly  
was it the arrival  
of a my deepest vision?  
or was it the end for me?

Breaking the silence  
there's no turning back  
where's my destiny?
