

# Sinner, Searching For Your Love

(Sinner)

I'm trapped in your shadow  
Do anything you want  
We're alone  
Your diamond eyes ... look so innocent  
They're turning me to stone

(Chorus 1:)

Throw off these chains, they're holding me back  
I'm crying in the rain again  
There's a fire in me ... burning up again  
There is no escape for me

(Chorus 2:)

Searching for your love (3)  
The magic in your eyes  
Searching for your love (3)  
I'm hypnotized again

All I want is just to hold you, I can't take breath  
At the edge of darkness ... we sailed over heartaches  
One step into the night

A new day, a new night  
But nothing's ever changing  
I never thought that I'd be touching you  
I'm in this much too deep

(Chorus 2)

(Chorus 1 & 2)

Yes, I'm searching for love  
No no
