

# Siouxsie and The Banshees, Clockface

Chasing a monsoon over the dune  
Oh fly me to the moon, get me there soon  
I don't have to prove I'll last longer than you  
One hump or two any handicap will do against you  
I'll be there soon-over the moon  
I'll be there soon-over the moon

Chasing a monsoon over the dune  
Oh fly me to the moon, get me there soon.
