

# Siouxsie and The Banshees, Lunar Camel

Chasing a monsoon over the dune  
Oh fly me to the moon, get me there soon  
I don't have to prove I'll last longer than you  
One hump or two, any handicap will do against you

I'll be there soon -- over the moon  
I'll be there soon -- over the moon

Chasing a monsoon over the dune  
Oh fly me to the moon, get me there soon
