

Sirusho x Alexander Rybak , Stay

Love is a game
That i learnt the hard way
the hard way
i wish i never knew
the pain, all the pain

take me to planet far away
where no one stays
and no one leaves
a pure reality made for us
i still believe that it exists

stay baby, stay
don't look the other way
i wouldn't breathe if you went away
baby, stay, stay

i still believe that love
can cure the sorrow
maybe the world i knew
is over the rainbow

take me to planet far away
where no one stays
and no one leaves
a pure reality made for us
i still believe that it exists

stay baby, stay
don't look the other way
i wouldn't breathe if you went away
baby, stay, stay

stay baby, stay
don't look the other way
i wouldn't breathe if you went away
baby, stay, stay
