

Sister Hazel, Concede

Concede and believe me
I won't give up--I won't give out on you
Concede and believe me
I won't give up--I won't give out on you
Oh no no no-la la la la
You....Oh no

Now hear--I promise to listen
Why won't you go for that
Now hear--I promise to hold you
Why won't you go for that

If I had wings and I could fly
Well I'd still walk with you
If I had a safe place to lie
I'd want to lay with you
[Chorus]

So now you shut off and you shut down
Won't let nobody in
And when you shut off and you shut down
Won't play that fool again

I've seen your inside--you stay inside
And I won't go for that
I've seen your quarters....
Seen your crooked sacred pictures on the wall
[Chorus]

I'll be your jester--be your fool
Compromising fool
I'll be your jester--be your fool...
[Chorus]
