

# Sister Hazel, Effortlessly

I won't be so hard on me today  
I start to take myself so seriously  
Shouldn't be so hard just to be effortlessly  
It shouldn't be so hard to keep it together  
It shouldn't be so hard to say the right things to you  
It shouldn't be so hard just to be effortlessly

[Pre-Chorus]  
Weightless worries fall away  
Wasted pools of energy  
I want to know I want to breathe

[Chorus]  
Effortlessly - just be  
I want to be effortlessly  
I want to be

It shouldn't be so hard to be inspired  
It shouldn't be so hard just to write this song  
It shouldn't be so hard to be wrong or to agree  
It shouldn't be so hard to change the world  
It shouldn't be so hard just to change your mind  
It shouldn't be so hard just to be effortlessly

[Pre-Chorus]  
[Chorus]

I won't be so hard on me today  
I start to take myself so seriously  
Shouldn't be so hard just to be effortlessly

Effortlessly  
I want to know  
I want to breathe  
I want to simplify my needs  
I want to live inside this moment  
And just be effortlessly  
Just be  
I wanna be effortlessly  
I want to be
