

Skambomambo, Without You

Without You

If you don't Like us, We don't like you.
I won't beg please, I won't say thank you,
We can do without you.
If you Don't want us, then we don't want you,
My life is not your life, and we can do without you.
We can Do without you.
O o oh

If you don't like me, then I don't like you,
I was born free to love or hate you,
And I can do without you.
O o oh
