

Skankin' Pickle, Don't Care

I am the hottest thing you ever will see
You know I'm something it ain't easy to be
I am the neatest thing to ever hit town
There isn't anything that could put me down

[Chorus]

Don't care
if you really wanna hang around
Don't care
'cause I am the neatest thing in town
Don't care
if you really wanna stick around
Don't care
if you even wanna bring me down

The girls are always trying to settle me down
They'll never guess I'm only foolin' around
My only worry is my humility
It dampens all my heavy artillery
if you even wanna bring me down

[Chorus]

Don't care (no no) [3x]
You know I'm foolin' with my fake id
So you don't see inside my history
You know i'm somethin' it ain't easy to be
If you don't like my attitude you can suck my socks
Don't care (no no) [5x]
