

Skankin' Pickle, Make A Change

[Verse]

If I had the money there would be a lot of friends,
seeking always something if I gave it out in \$10's.
And if I give a little more than what I really need,
I'd be a savior tell somebody 'bout the feat (?)
So why can't I give something more? I cry out to myself.
Selfish man I know I am, cannot help myself know I am now.

[Chorus]

Wishin' I was doing something more
And I'm aware of people fighting wars
We are the ones who can make a change
We are the ones who can start and make a change.

[Verse]

So many times I think this world, it has no problems.
We always think that nothing bad, could ever happen to us.
So why can't I give something more? I cry out to myself.
Selfish man I know I am, cannot help myself know I am now.

[Repeat chorus]
