

# Skankin' Pickle, Pabu Boy

Can't sleep once again  
too many things on my mind  
I wish I could change the ways  
that I have spent my time  
Too lazy to get up  
and help my father with the chores  
I'm sure I'm not a bum  
but who am I to score  
But starting from 0-0  
give me the ball I say  
pride I have and always will  
and I'm not a Pabu boy  
Take time to think things over  
hey that sounds ok  
Even though it's 4 yrs later  
and the kid has grown to stay  
Make no mistakes  
I understand there comes a time  
to move along in some way  
and make ends meet with mom  
Until that day, need I say  
"Don't worry bout me."  
I will be fine you see  
and I am not a pabu boy
