

# Skankin' Pickle, The Hussein Skank

Saddam Hussein - are you a  
swinger like Tarzan and Jane?  
Are you really that insane?  
Is there anything inside your  
brain?  
Time to look away - it's time to  
look away - far away  
It's time to look away - it's time  
to look away now  
Temperature's increasing - the  
Arab's minds expand  
For many chants still need to be  
heeded for the end of U.S. land  
Don't look at me - I'm tough  
Don't want to be your friend -  
I'm rough  
Don't want to look at me -  
don'y you see what I see?  
Do the Hussein skank  
Saddam Hussein - are you a  
fighter just like Bruce Wayne?  
Are you really that insane?  
Is there anything inside your brain?  
No segregations, congregations  
of evil deeds be by  
Maybe the day that it's all over  
We could see the one's who've  
tried
