

Skeeter Davis, I'm Looking For Someone To Love

Stay at home wait for you just won't get it cause I say we're through
So I'm looking for someone to love I'm looking for someone to love
Well you're not here baby I don't care cause I'm lookin' for someone to love

Play in the field all day long since I found out I was wrong
And I'm lookin' for someone to love I'm lookin' for someone to love
Well you're not here baby I don't care cause I'm lookin' for someone to love
[guitar]

Caught myself thinkin' of you you can't love me and another one too
So I'm looking for someone to love I'm looking for someone to love
Well you're not here baby I don't care cause I'm lookin' for someone to love
Stay at home wait for you...

I'm lookin' for someone to love I'm lookin' for someone to love
I'm lookin' for someone to love I'm lookin' for someone to love
I'm lookin' for someone to love I'm lookin' for someone to love
Well you're not here baby I don't care cause I'm lookin' for someone to love
