

# Skeeter Davis, If I Ever Get To Heaven (I Won't S

(If I ever get to heaven I won't see you)  
You say that I'm no angel but I don't claim to be  
You say my life is ruin but it was you that ruined me  
Remember that I only did the things you told me to  
And if I ever get to heaven I won't see you  
If I ever get to heaven I have to let you go  
If I don't you'll be to blame cause I found out so low  
The chances that I'll see those pearly gates are mighty few  
If I ever get to heaven I won't see you  
[ steel ]  
You say you can't look up to me the way you used to do  
You say that I'll do dow wrong with others like I did with you  
But how can you look down on me you know I love you so  
And when I'm in your arms it's heaven I can't say no  
If I ever get to heaven...
