

Skew Siskin, Fuck You

Thiefs in my house, killers on the street
Junks on the stairs
Hate hits my face, slowly crawling up my throat
When you look around somebody breaksthe boat
FUCK YOU
FUCK YOU
FUCK YOU

Murder on trial, money breaks him free
I need to walk around with a knife
To fight the rapist on the streets
To save my fucking white trash life
I would kill the one that trys to kill me

Corrupted cops make a deal
Trying hard to conceal
Shoot the one who buys dope
Instead the killer on the road
He's the one that holds the gun
FUCK YOU
FUCK YOU
FUCK YOU

I'm sick of false community
Cripples of society
Shit on heels
Gangsters on wheels
I don't know what to say
I'm gonna die my own way
I would shoot the one who shoots at me
FUCK YOU
FUCK YOU
FUCK YOU
FUCK YOU
