

Skew Siskin, My Worst Enemy

More and more each day

More than I can say

Alone in the darkness of my memories, headless crawling 'round and 'round
Swayin' in the storm of possibilities, while I'm hangin' on the gallow upside down

Bad habits keep comin' back

Couldn't hit a haystack it's a hard nut to crack

Bad habits keep comin' back

So I'm tryin' hard to quit them, defense is attack

HELL DOWN BELOW IN THE TWILIGHTZONE

IT WON'T TAKE LONG 'TIL I'M CHILLED TO THE BONE

PAIN & AGONY FUCKED UP INSANITY

WHAT A SICK SOCIETY BUT I AM MY WORST ENEMY

Every dog has its day but there must be a better way

Got my packs of golden gleam to spend the night beyond my dreams

Hell on wheels, my lips are sealed, I'm leavin' an emotional battlefield

Ain't so much of a worthy affair, one step up and back down the stairs

Spoonfull, mouthful, over the top

Ain't a daughter of the gods but down with dogs

HELL DOWN BELOW IN THE TWILIGHTZONE

IT WON'T TAKE LONG 'TIL I'M CHILLED TO THE BONE

PAIN & AGONY FUCKED UP INSANITY

WHAT A SICK SOCIETY BUT I AM MY WORST ENEMY

Shadows of yesterday, they don't ever seem to fade away

With all the wisdom, away with kingdom

So many ways in but only one way out

Only one way out

Bust up in the hot city blues

Powdered nose and a hole in my shoe

Frog in the throat, rockin' the boat

Like a monkey through the traffic on a nowhere road

Bad habits keep comin' back

Couldn't hit a haystack it's a hard nut to crack

Bad habits keep comin' back

Well I'm trying hard to quit them, defense is attack

HELL DOWN BELOW IN THE TWILIGHTZONE

IT WON'T TAKE LONG 'TIL I'M CHILLED TO THE BONE

PAIN & AGONY FUCKED UP INSANITY

WHAT A SICK SOCIETY BUT I AM MY WORST ENEMY
