

Skew Siskin, Out Of Mind, Out Of Sight

I can't sleep the same
When I know you're out there in the streets

I don't know
Will I see you again
And I know this time won't be the same

I got a feeling that...oh...no...
You took it all
Now you won't come back no more

OH OH OH OH
I WANNA KNOW WHAT I'M WAITING FOR

No way to spend my time
It's a rise and fall through this hell of a night
Baby out of sight out of mind

You're driving me insane
You know the rules of your self made game

Uuh, I wonder how long I gotta be that strong
If you ever find your way back home
Oh you say you want to be free
Now take it take it take it

OH OH OH OH
I WANNA KNOW WHAT I'M WAITING FOR

Oh no, don't say it's just a phase
Oh don't speak like a creeping fool
Oh well, make me believe this ain't conspiracy
Oh, cause your new girlfriend
She seems to be your remedy
She brings you exstasy
She...

OH OH OH OH
I WANNA KNOW WHAT I'M WAITING FOR
