

# Skew Siskin, Sniffin' The Dirt

You woke up too late  
Somebody took your work  
Now you think that's fate  
But it's the taste of dirt  
It's no dream  
Now you know you just live in a nightmare  
Now you're

SNIFFIN' THE DIRT  
YOU'RE JUST SNIFFIN' THE DIRT  
YOU'RE JUST SNIFFIN' THE DIRT

Cause it's a hard way up and a long way down  
It's a long way down  
Sniffin'

Honey you should make up your mind  
Cause you're never too old  
Or are you one of that kind  
Who just do what's told

It's no dream  
Now you know you just live in a nightmare  
Now you're

SNIFFIN' THE DIRT  
YOU'RE JUST SNIFFIN' THE DIRT  
YOU'RE JUST SNIFFIN' THE DIRT

I'm so down and I feel so low  
Cause I'm sniffin' the dirt  
And there's no way out  
And I'm sniffin' the dirt  
You know there ain't no doubt  
And I'm sniffin' the dirt  
You know it makes no sound  
But it's a long way down  
It's a dirty, dirty, dirty, dirty  
It's a dirty world  
How much  
It's a dirty, dirty, dirty, dirty  
It's a dirty world  
How much  
But it's a long way down  
How much-dirt  
Just sniffin' the dirt  
And you just sniffin' the dirt  
You just sniffin' the dirt  
Dirt  
Dirt
