

Skew Siskin, The Phantom

Stop messing around
Don't bring me down
You lie and lie
Are you satisfied

Once I was proud of you
Now I pity you
You were my favorite kind
But now you're running blind

I can't believe the things you do
Nobody get's it, well you've lost your cool
Don't tell me you're feeling bad
You should be trying hard to get one step ahead

What am I supposed to do
Can't we find the truth behind the door
I don't feel I'm through with you
So what are you waiting for, are you waiting for

You got me spinning round
Flying on the ground
Still got eyes of an innocent
But don't you know your smile ain't worth a bloody cent

Don't talk so loud
You're just one of the crowd
I know you so well and the tales you tell

**BUT YOU'RE THE LIVING DEAD, LIVING DEAD
YOU'RE THE LIVING DEAD, LIVING DEAD
YOU'RE THE LIVING DEAD
YOU'RE THE LIVING DEAD**

A lie never lives to be old
I know the half has not been told
Don't tell me you're feeling down
Well you know you are the talk of the town

What am I supposed to do
Can't we find the truth behind the door
I don't feel I'm through with you
So what are you waiting for, are you waiting for
