## Skid Row, Monkey Business

[Bolan, Snake]

Outside my window there's a Whole lot of trouble comin' The cartoon killers and the Rag cover clones Stack heels kickin' rhythm Of social circumcision Can't close the closet on Shoe box full of bones

Kangaroo lady with her bourbon in a pouch
Can't afford the rental on a bamboo couch
Collecting back her favors 'cause her well is running dry
I know her act is terminal,
But she ain't gonna die

Slim intoxicado drinkin' dime store hooch Is always in a circle with his part-time pooch Little creepy's playing dollies in the New York rain Thinkin' Bowie's just a knife Ooh the pain

I ain't seen the sun since I don't know when The freaks come out at nine And it's twenty to ten What's this funk That you call junk To me it's just monkey business

Blind man in the vox that will probably die
The village kids laugh as they walk by A psycho is on the edge of this human garbage dump
And the vultures in the sewers are telling
Him to jump

Into the fire from the frying pan Tripping on his tounge For a cool place to stand Where's this shade That you've got it made To me it's just monkey business

Monkey business Slippin' on the track Monkey business Jungle in black Ain't your business if I got No monkey on my back

Monkey business Slippin' on the track Monkey business Jungle in black Ain't your business If I got Monkey's on my back

The vaseline gypsies and silicone souls Dressed to the society Hypocrite heartbeat and cheap alibis Can't get you by that monkey
