

# Skid Row, Nothing

Houses on the hill  
Looking down on all the little peoples lives  
And wondering it Ive been missing out  
Growing up is hard, isnt that what Bowie sang  
When he was young  
Before he knew what growing up was like

Guess Ill never know, so Ill take it day by day  
As it comes until theres something else to think about

If I want it all then Ill get it all  
Do I need it all? I need nothing  
If I want it all then Ill get it all  
Do I need it all? I need nothing but you

Changing with the times  
Looking back on all our oldest memories to realize  
We havent changed at all  
Records in my room  
Its still the place where we can go to get away  
from real life and real agony

If we should disappear, we can take it day by day  
As it comes until theres something else to talk about

If I want it all then Ill get it all  
Do I need it all? I need nothing  
If I want it all then Ill get it all  
Do I need it all? I need nothing but you

If I want it all then Ill get it all  
Do I need it all? I need nothing  
If I want it all then Ill get it all  
Do I need it all? I need nothing  
If I want it all then Ill get it all  
Do I need it all? I need nothing  
If I want it all then Ill get it all  
Do I need it all? I need nothing but you
