

Skin, Alone In My Room

Ma belly,
Full a juice
What dey givin' to me

Sugar free
Your problem
You my crack beauty queen

Watch out
Maniac
Betta run if ya scared

Freak out
No doubt
Get that shit outta your hair

Chorus
I would rather spend my time
Alone in my room
Than spend it with you

Plain devil
Be careful
I can spit on your charm

Silly baby
Stone crazy
Can't you hear the alarm

Cool blue
Killa fool
Take your football and leave

Suicide
Damn tired
This is nothing I need
