

# Skin, Carmen Queasy

My vision is distorted by my sleazy mind  
To picturesque an image to control this time  
My intimate discriminating fears you test  
My ignorance that truly feels it knows regress

You have the power but you keep it all to yourself  
Your lust is decomposing us

The intricate sincerity is choking me  
Its crumbling and crawling all around my feet  
It wasn't jump from lie to lie to cover me  
But could a bullet tell her just evading me

You have the power but you keep it all to yourself  
Your lust is decomposing us

So now your telling me its all damn easy  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing  
But I don't wanna be an architect baby  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing

Carmen Queasy. I don't wanna be

I'm flying out some rhythms in a cultural stare  
Suffocating, stiffers straying like we care  
Dissecting or analysing empty heart  
To spit em out our wet dreams and calling it art

You have the vision but you keep it all to yourself  
Your lust is decomposing us

So now your telling me its all damn easy  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing  
But I don't wanna be an architect baby  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing

Money making, money taking  
We don't have a choice  
But we still have a voice  
Antagonise life is too short  
Twisted form and distort  
Impregnate brains into my seminar  
When I'm making music, making failure  
Gotta take back whats mine (gotta take back)  
Keep chocking and holding, provoking  
My life style you be smoking

So now your telling me its all damn easy  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing  
But I don't wanna be an architect baby  
Try to see yourself as carmen queasy  
'Cos money making is a wonderful thing  
Money making is a wonderful thing

Money making us a wonderful thing {x4}
