

Skinny Puppy, Human Disease (S.K.U.M.M.)

whatever painted part taught deeply enclosed in mother earth life born addict breathe
angel whatever paint it up so closer to farther apart meat seeking missiles consuming
rain forest infested veins the river flow urban needle inject carcinogen chemicals
relieve the stress slows consumer rotting sight no taste odorless clear seeping water
poisoning all producing nothing intelligent to cause disease human breed in self
perpetuating whatever close at hand finger cramp virtuoso closet problem epileptic
machines shudder shock who is over who is on top malformed earth born shake all is a
disease biped walk so straight earth can be so giving as it can be irritate what if to
burn up and out with illing over doubt sight no taste odorless fda recommends to take
daily allowance of them 26 unknown carcinogens 26 unknown cancer causing supplements
infested chemicals fda virtuoso closet problem whatever to plot or build to self
destruct the so called lesser beast exhibits harmony walk straight biped relate walking
disease green is the grass of survival feeding the cows that they dine on all is a
disease human disease survival

(4:15) I don't even wanna drink the water but i keep drinking it. It seems like ????. And
if I think about it I might do something but I dont do anything I just drink the
water. ??? revolution ???.
