

Skinny Puppy, K-9

"I've got no fucking monitor"
"I've got no fucking monitor"
all your fucking monitors
Seeing through the keyhole
Watching master beating her
Creep (video?) (hits?/eats?) her
Faced with death
(Ratting?) you
Great to be a k-9 closer to (unasured?)
(Watch?) your rich perversions
Wouldn't you think I have no thought
Wouldn't you think I have no thought
It's a strange decision when the foe bears the control
When with (them?/pain?) I sit in dung crying through a purr-snore
When I've got the hunger rest (in peace?) so he'll be there
With the last attachment food withdrawal I cannot bear
Simple calculation now the steps are (false rich?)
Shot claw
Vision reaked
K-9
(?voices in backgrnd)
It's not fit to piss in
Why not move so I won't stay
Kick me out in out
(Toss?/Force?) my effects (inside the ???/in solitary?/in solidarity?)
Worry (understand?/understatement?)
Open your eyes thanks for a kick
Feign emotion don't turn around
K-9
