

Skinny Puppy, Spasmolytic

Making time in a low rent highrise
No place to go downtown

Crushing crucifixion
Particles aching
Harmful descent

Take a shot and hide
Subway slam dance
Stale mattress
Slow throb bloating

Freshly open grave
Barefoot beggar
Barefoot beggar
Freshly open grave

Knotted finger
Turning pages in a book descending
No noise
The great trees fall

Calmly through the window see
Backward elevation
Faded spirit of the gold toothed whore
Moon dances wondering how could this ever be

Kicking the habit
Kicking the habit
Kicking the habit
Kicking the habit

Possession in the flesh
Loves made up melancholy
Kicking the habit
Kicking the habit

Trip back and unleash all anger
Emerging from the waterfall
Branch fork horse rear
Snorted downward a vulgar desire

Playing cards conjured on
Fly blown dimly lit
Round a room of shadows
Claw the side phantom pinches
Waking from a dream
Half eaten candy from some disordered heaven

Swirling tastes
Fornicate
Rotted meat
Swirling tastes
Fornicate
Rotted meat

A nested virus feels eating dish aging
She sits alone in the worry shes created
More time in the side sorry im fucked up inside
Holy hatred

Kicking the habit
Kicking the habit
Kicking the habit

Kicking the habit
Kicking the habit
