

# Skinny Puppy, Tormentor

walls trapped within yellow eyes the cutters drooling face rips apart cuts to the heart  
disease shown let it out movement crosses crimson light washes darkened corners gently  
forces open wide and lingering awhile pouring thoughts electric fingers blinding  
pressure sockets stream matter grey the nerve free fall safely buried out behind a face  
let it out be carefull watching living mask misshapen tumors ride the pressing tinted  
nightmare breeze mental shock disturbed thoughts rotting long lasting reaction make it  
stop stir up the pot taking away means nothing distorted moodswing smile altered music  
shadow covers melted honey bitter pie she utters tasting quite lovely motion on towards  
a truthful state mincing with words align order form to multiply mental shock relentless  
and leaning compiling the list alone at the top before before it was not this way i  
thought...it did
