

# Skrape, Rake

We choose skin to refine  
It shows in good time

Rake it - You cut inside of me  
Grind it - You pick apart again (Boy)  
Fight it - You never soom to face (I'm lying)  
Hate it - I wish I could escape

All these things we're sayin -- I don't care about  
All these things we're sayin -- I don't care about

We don't change your mind  
Strange I don't decline
