

Skrew, Poisonous

Kiss of steel
Smooth flow body reactor
Plunge keep down
Destroy social mindset factor
Steel snake viper bite
Sweet sting from immoral god of night
Attack sweet center of whole
Gift of calamity disguised as light

Embryonic warmth
Liquid mother's touch
Simplify and rectify
Disguise the lie
Like sweet Jesus breath
Dilute the life
With a little taste of death

Accept no god, flower's the master
Accept no god, flower's the master
Accept no god, flower's the master
Accept no god

Up, up and away
Then buck, buck to the mug
It's a deal gone wrong
And your bound to catch a slug
While you're shooting up
Your local hustlers shooting them down
And now your turning tricks for a fix
So get your knees on the ground
Cause sucking dicks in '92 is as good as credit
Dealers never leave home without it
No doubt about it, but don't sweat it
Cause yo! While your blowing for the blow like a tuba
There's a new shipment coming in outta cuba
But it's time you got your lips off the mother fucking bone
And if you haven't stooped to that yet
You still better be ready and willing
A yo! Everybody must get stoned, nope
Cause Bob Dylan never saw a ghetto killing

Beautiful red rose
Bloom in brown shit water
Fuck the blue flesh snake
Red rose take root

Embryonic warmth
Liquid mother's touch
Simplify and rectify
Disguise the lie
Like sweet Jesus breath
Dilute the life
With a little taste of death

Accept no god, flower's the master
Accept no god, flower's the master
Accept no god, flower's the master
Accept no god
