

Skrewdriver, Before The Night Falls

They come here to this country from the jungles and from trees
The traitors in the parliament give them a better deal
Spend the nation's money, to cater to their needs
They all accept our charity, then bite the hand that feeds

Chorus:

Before the night falls, heed the White call
Before the night falls, when the reaper calls you

Our forefathers fought in two world wars, they thought to keep us free
But I'm not sure that in those wars, who was our enemy
The Zionists own the media, and they're known for telling lies
And I could see, that it could be, we fought on the wrong side

(Repeat Chorus)

European unity, the North Teutonic dream
To scoop to save humanity, leave Europe with the cream
But now our once proud Europe, looks like a melting pot
But melting pots boil over, and it's getting pretty hot

(Repeat Chorus) x2

Calls you!
