

# Skrewdriver, Glory (For Thorstens Schedes And Krekeler)

Deutschland erwache!

It took us twelve hours since the journey began  
Until we finally came to the Fatherland  
Dortmund City was the rendezvous  
Proud German comrades doing what they could do, and now...

Bring back the glory of Deutschland  
Bring back the glory of Deutschland

We travelled with comrades across the north  
We went to do a concert for the people's cause  
And now a thousand heart-beats beat as one  
German-British friendship it will carry on

Bring back the glory of Deutschland  
Bring back the glory of Deutschland

Über alles!

Bring back the glory of Deutschland  
Bring back the glory of Deutschland

And then upon a tour of some German cities  
The beer was strong and the girls were pretty  
All our German comrades and all our friends  
You can rest assured we will be back again

Bring back the glory of Deutschland  
Bring back the glory of Deutschland

Bring back the glory of Deutschland  
Bring back the glory of Deutschland
