

Skrewdriver, Gotta Be Young

Nothing to do again
Such a boring day
Sweet FA, what a day
It's bugging me

It's the same all the time
I'm just wasting life
Me and you, feel so blue
We gotta get away

Chorus:
I don't wanna be no middle-aged major
I don't wanna be no middle-aged mod
Gotta be young now!
I don't wanna be no middle-aged major
I don't wanna be no middle-aged mod
Gotta be young now!

Tell me it's not real
Change the way I feel
Get away, I wanna stay
It's killing me

(Repeat Chorus)

Gotta be young!
Yeah, I gotta be young now
Gotta be young!
Gotta be young, alright!
