

Skrewdriver, Race And Nation

I believe in the White race
A race apart, we've got a mile start
I believe in my country
It's where I belong, it's where I'll stay

Chorus:
For my race and nation
Race and nation
Race and nation
Race and nation

This old nation's in the hand of fools
Using people as political tools
If you stand up and you say that they're wrong
They'll put you inside, and say that's where you belong

(Repeat Chorus)

Something's got to change right now
The White race is going down and how
I'm not trying to depress you
Because I believe, we're going to pull through

(Repeat Chorus) x2
