Skrewdriver, Wheres It Gunna End

Ain't got much money, ain't got no car
I don't need transport, don't travel far
I don't need friendships, I don't need foes
It's just the thing now, the way it goes

Chorus:
But the thing that I love is to play on the stage every night
From the fade in the day 'til the black and the gray of the night

I don't need stardom, I don't need fame
I make a living, it's just the same
Got no more money, (?)
My life's (?)

(Repeat Chorus)

I'd like to know where it's gonna end
Push me one way, and I won't bend

(Repeat Chorus)
