

# Skulker, Not A Tribute

Who are you ?

I thought I knew you once  
All I see is a shell of what I knew...

Where did you go ?

My blind consent is all I have  
To blame for letting you slip away...

Where did you go ?

I don't know what I expect to hear  
Not sure just what it is I fear...  
Now tell me, where did you go ?

Who are you ?

I thought I knew you once  
All I see is a shell,  
A shell of what I knew...

My blind consent is all I ever, ever  
Ever has in the world.
