

# Skulker, Strawberry Deluxe

Driving down the highway  
With the wind in my hair  
Lots of friends everywhere

I don't want to change  
(& I wonder)  
I want it all back  
(how it's gonna be between you & me)

Driving down the highway  
With the wind in my hair  
The sun's in my eyes  
& the beach

I don't want to change  
(and I wonder)  
I want it all back  
(how it's gonna be)  
Not a soul in sight  
(& I wonder)  
But my soul's alight  
(how it's gonna be between you & me)
