

# Skunk Anansie, Spit You Out

And this feeling's killing me  
Resistance makes it harder  
Oh this feeling's killing me  
I can't cut you out of my veins  
Like I know I should  
'Cause you feel too good  
Yeah this feeling's killing me

I can't spit you out  
Can't spit you out  
Can't spit you out  
Of my head

I can't suck you out  
Can't suck you out  
Can't suck you out  
Of my head

Oh the knife is turning sweet  
Twisting ever faster  
Suck me down I'm falling deep  
I can't work you out of my skull  
Like I know I should  
'Cause you look too good  
Yeah the pain's corrupting me

I can't spit you out  
Can't spit you out  
Can't spit you out  
Of my head

I can't suck you out  
Can't suck you out  
Can't suck you out  
Of my head

I can't spit you out  
Can't spit you out  
Can't spit you out  
Of my head

I can't suck you out  
Can't suck you out  
Can't suck you out  
Of my head
